Plustek eScan A150

Plug & Play! Tap & Scan!

Plustek eScan A150 is ready to use and does not need to be connected to a computer. The 7" wide IPS screen display makes it easy to setup and scan. No user training or installation procedures are required. Perfect for small office, departments and home users.

Complete scanning in 3 simple steps

Operation is self guided with no user training necessary. Simply make select your scan setting on the main screen, and then touch the big SCAN button. After the scan is complete, you can review and adjust your scan and select your destination from the easy to understand screen.

1.Scan

Select scan settings and press SCAN

2.View

See scan result and edit if needed

3.Save

Choose destination

Scan to multiple destinations

Plustek eScan can be used anywhere a WiFi network or Ethernet cable is available. You can also send your documents, contracts, receipts, invoices, bills or photos to more than one preferred destinations. For example, you could send your scan to a customer via email and also save to a copy on your computer.
